Alexander Pella
Principal

Dear Hathaway Students and Families,

On behalf of our entire staff, I am happy to welcome you to the 2019-2020 school year! My name is Alexander Pella, and I would like to introduce myself as the new Principal of Hathaway Elementary School.

As I begin my first year as Principal of Hathaway Elementary School, I am committed to making a positive difference in the lives of our students. Together, as a team, we will accomplish great things by setting high expectations, and providing support to ensure those expectations are met by every student. It is my goal that our dedicated staff, involved parents, and community members come together with our extraordinary students to make Hathaway Elementary School an exceptional place to learn and grow. I look forward to partnering with you to provide an engaging, safe, and supportive learning environment where our students can grow academically, socially, and emotionally.

We are preparing for another successful year of learning, and are anxiously awaiting to welcome our students back! Please be on the lookout for all of the new and exciting things you will see around the school!

Please do not hesitate to reach out.

Sincerely,

Alexander Pella
Principal
Ellen R. Hathaway Elementary School
